### **Important considerations**

Local courier service (pickup and delivery) may be limited prior to, during and following observed holidays in the country to which you are shipping specimens. It is imperative that you check local service schedules in advance of the holiday. Listed below are important considerations when planning your patient visits during the holidays.

- During the December/National holidays, schedule your pickups in advance of the holiday where possible.
- Call early in the day to schedule your pickup.
- When a holiday is observed on Monday, avoid laboratory collections on the preceding Saturday (i.e. Labor Day). (Not applicable to Japan)
- Frozen specimens should NOT be shipped on the day before the observed holiday.  
Send frozen specimens on the next available business day. (Not applicable to Japan)
